4. Tell me about a time you had to quickly adjust your work priorities to meet changing demands.

	Short	Long
Situation	SAPUI5 CRM	Creating SAPUI5 Apps for CRM
Task	Product	Implementing the selection process for products. Near the end of the project,

	Select	it was decided that the users should be able to select from a tree instead of a flat dropdown.
Action	Extend Time	This was a change in the requirements, so I asked for an extension of the time and was given it.
Result	Yay for 'Agility'	Got it done. In the context of waterfall, this would have been frustrating and interruptive. However, I am used to changing requirements and believe that they should be welcomed so the user can have the best experience we can give them.
